The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Domain:01 Ratio & Supervision

Rule: 5180:2-12-19 Child Guidance
Code: The program staff shall use developmentally appropriate techniques when managing children's behavior. Corporal punishment is prohibited, as well as any cruel, harsh, unusual or extreme techniques.

Allegation: A child care staff member used an inappropriate guidance technique, in that a child's head was covered with a blanket during naptime.

Determination: Substantiated

Findings: During the inspection, it was determined that a child care staff member used a discipline technique to guide or discipline children that was not developmentally appropriate, consistent, or occurred at the time of the incident. As a method to get a child to sleep at naptime, a child's head was covered with a blanket. The staff member remained next to the child and closely patted the child so that the child did not get off the cot, until the child fell asleep.
Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.
