Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5180:2-12-03, 5180:2-13-03, 5180:2-19-10 and 5180:2-20-02 detail the process for submitting a request for review. The request for review must be submitted within ten business days from the receipt of the licensing report. In addition, if the program is Step Up To Quality rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Domain: 02 Safe & Sanitary Environment

Rule: 5180:2-12-12 Safe Environment
Code:

Allegation: Children are not protected from a condition that may threaten their health, safety, and well-being.

Determination: Unable to be determined

Findings: Based upon the investigation, the alleged rule violation was unable to be determined due to, staff interviews were conducted and classroom observations completed. A report from the mold testing company was reviewed, and the company confirmed that the program was cleared with no signs of mold. Upon identifying that elevated humidity was causing dampness in the infant classrooms, the program took immediate action to assess the situation and implement corrective measures, including relocating infants from the affected areas to an alternate classroom. No staff or parents reported any instances of children becoming wet due to the damp carpets. Staff further confirmed that they had not observed any signs of mold or issues related to children's clothing being damp or wet.
