Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Domain:04 Indoor/Outdoor Space

Rule: 5180:2-12-11 Indoor Space Requirements
Code: The program is required to have only the number of children in attendance that is allowed by the indoor floor space.

Allegation: Inadequate capacity space for the children.

Determination: Substantiated

Findings: During the inspection, it was determined that 8 toddler children were in attendance at one time and the program's usable floor space allowed for less than 8 children in this space. This is due to the initial toddler space is under construction and all the toddlers were using a cordoned off space next to the preschool classroom. Technical assistance was provided at the time of the inspection, and as discussed, please correct this rule noncompliance. A written response for this rule noncompliance is required at this time.
