Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5180:2-12-03, 5180:2-13-03, 5180:2-19-10 and 5180:2-20-02 detail the process for submitting a request for review. The request for review must be submitted within ten business days from the receipt of the licensing report. In addition, if the program is Step Up To Quality rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances

A serious risk non-compliance is a licensing rule violation that has the potential to lead to a great risk of harm to a child and is observable and/or based on facts.

No serious risk non-compliances were observed during this inspection

Department of Children & Youth

Moderate Risk Non-Compliances

A moderate risk non-compliance is a licensing rule violation that has the potential to lead to a great risk of harm to a child and is observable and/or based on facts.

Domain: **02 Safe & Sanitary Environment**

Rule: 5180:2-12-12 Safe Environment

Requirement: The program is required to store chemicals and machinery in a place that is inaccessible to children. The program is required to provide an outdoor play area away from machinery in operation.

Finding: During the inspection, a potentially hazardous item or toxic substance was used or stored where children had access to it.

The following was observed: White out was accessible to children in an open drawer in Tiki Bears; and Sunscreen was stored in an unlocked, low cabinet in the Pooh's classroom.

Provide staff training. Submit the program's corrective action plan, which includes a statement that the potentially hazardous substance or item is no longer accessible to children and/or children will not be outside when machinery is in use and a statement that training was provided, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 09/17/2026

Domain: **09 Children's Files**

Rule: 5180:2-12-15 Child Health Care Plans

Requirement: The program is required to have a completed DCY 01236 or equivalent form on file at the program for any child having a health condition and must implement and/or follow instructions on the plan. The program is required to have staff trained to perform the procedures on the form present at the program when the child requiring the procedure is onsite. Only staff who have been trained shall be permitted to perform the procedures listed on the form.

Finding: In review of the children's records, it was determined the program did not meet the requirements for caring for at least one child, indicated on the Children's Records Review, with a condition that requires a DCY 01236 ""Health Care Plan Documentation & Permission to Administer Medication"" or equivalent form.

The following was observed: Health Care Plans for the children listed on the appendix did not have complete instructions.

Provide staff training. Submit the program's corrective action plan, which includes a copy of the completed DCY 01236 or equivalent form, to the Department to verify compliance with the requirements of this rule.

Other Non-Compliances

This section includes other rule violations that are observable and/or based on facts.

Domain: **02 Safe & Sanitary Environment**

Rule: 5180:2-12-12 Safe Equipment

Requirement: The program is required to refrain from placing indoor swings, slides, climbers, and climbing apparatus directly over a hard surface. Shock absorbent protective covering, intended to be a fall surface per manufacturer's guidelines, shall be placed and used under the equipment.

Finding: During the inspection, it was determined that indoor swings, slides, climbers, and climbing apparatus did not have required shock absorbent protective covering under and around the equipment.

The following was observed: A shock absorbent protective covering was not used under and around the butterfly climber in the Pooch's classroom.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 09/17/2026

Domain: **04 Indoor/Outdoor Space**

Rule: 5180:2-12-11 Outdoor Space Requirements

Requirement: The program is required to have an outdoor play space free from immediate risk.

Finding: During the inspection, it was determined that an outdoor play area was used which was not protected from traffic and other hazards by a fence in good condition, or other barrier. The fence or gate was not in good condition and/or being used inappropriately. Although the fence or natural barrier was not meeting the rule requirements, it was determined to not present an immediate risk as it led to a large preschool playground which had an intact fence.

The following was observed: The toddler playground at the second building had a section of slats missing in the fence which was approximately 2 feet wide leaving an open space which toddlers could go through to the large Preschool playground.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
