Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

No Allegations were substantiated during this inspection.

Summary of Additional Non-Compliances

No Additional Serious Risk Non-Compliances were observed during this inspection

Moderate Risk Non-Compliances

Domain: 01 Ratio & Supervision

Rule: 5101:2-13-19 Supervision
Code: The program is required to supervise children.

Findings: During the inspection, it was determined that a child was left unattended and not supervised, in that the provider stated when answering the door that she was not open for care due to a medical appointment later in the day. The provider's hours were posted and there was not a sign posted stating the closure. We discussed the complaint allegations on the porch and then entered the home and a child four years old was found to be inside and was not within sight or hearing while the discussion was taking place on the front porch. Submit the program's corrective action plan to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 06/28/2024

No Additional Low Risk Non-Compliances were observed during this inspection
