Domain: 01 Ratio & Supervision

Rule: 5180:2-12-19 Supervision
Code: The program staff is required to limit children's exposure to language, media, or behavior that is determined to be unsafe or inappropriate.

Allegation: Staff members are not supervising children as required by rule.

Determination: Substantiated

Findings: During the inspection, it was determined the administrator, child care staff, and/or employees of the program did not protect or remove children from a situation and/or person determined to be unsafe or limit children's exposure to inappropriate language, media, or behavior.

The following was observed: staff member(s) allowed child(ren) to do something unsafe, in that a child is not protected from other children who bite frequently.

While the program did not protect the child(ren) from an unsafe or inappropriate situation and/or person, it was determined the situation would not or did not result in a serious incident or injury to a child. All program employees must take actions to protect children in care. Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.
