## Complaint Allegations

*If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.*

**Domain:02 Safe & Sanitary Environment**

Rule: 5180:2-12-13 Sanitary Equipment and Environment
Code: The program is required to maintain the onsite sewage disposal system to prevent any hazards.

Allegation: The onsite sewage disposal system presented a public health hazard.

Determination: Substantiated

Findings: During the inspection, it was determined that the onsite sewage disposal system presented a public health hazard in that, approximately two weeks ago, the toilets would not flush due to a plumbing issue (a collapsed pipe). The program continued to care for children during this time that lasted three days. There were occasions when children had to use unflushed toilets. The issue was resolved on 1-21-26 and the toilets were working on the day of the inspection. Contact the local Health Department, or the appropriate entity, and correct the situation as directed. Submit the program's corrective action plan, which includes verification that the issue has been resolved, to the Department to verify compliance with the requirements of this rule.

Risk Level: Low

Corrective Action Plan Due: 02/28/2026
