Finding: During the inspection, it was determined groups which included children less than two and one half years were combined with groups of children two and one half years and older and there were more than 12 children in the center. Technical assistance was provided at the time of the inspection, and as discussed, please correct this rule noncompliance. A written response for this rule noncompliance is not required at this time. The toddler rooms had preschool children combined into the toddler grouping when more than 12 children were present in the building.

Rule: 5180:2-12-19 Supervision
Code: The program staff is required to supervise children in their assigned group by sight and hearing. Supervision includes being near enough to respond and reach children immediately including responding to the child's basic needs and protecting them from harm.

Children must be supervised according to rule and within both sight and hearing of a child care staff member at all times. Provide staff training.
