Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances

No Serious Risk Non-Compliances were observed during this inspection

Moderate Risk Non-Compliances

Domain: 04 Indoor/Outdoor Space

Rule: 5101:2-12-11 Outdoor Space Requirements
Code: The program is required to have an outdoor play space free from immediate risk.

Finding: During the inspection, it was determined that an area was used which was not protected from traffic. Although the school is regulated by another agency and therefore a fence or other barrier is not required, the program must ensure the safety of children at all times. A large bucket lift truck was observed driving on the driveway which circles around the playground and cars were also observed using the driveway while children were playing on the blacktopped area in the driveway. It was determined that this situation presented an immediate risk for children.

Provide a safe space for outdoor play which is protected from hazards. Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
