Center Complaint Inspection Summary Report

All licensed child care programs are inspected at least once each year. Non-compliances are documented and grouped as Serious, Moderate or Low risk violations. Documenting statements and supplemental information may be included in this report. Licensing inspection reports from the previous three years can be viewed on the child care website at http://jfs.ohio.gov/CDC/childcare.stm. This includes complaint investigation reports with substantiated allegations. For any other child care records, please contact the Child Care Help Desk at 1-877-302-2347, option 4.

Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Domain:02 Safe & Sanitary Environment

Rule: 5180:2-12-12 Safe Environment
Code: The program is required to provide an environment that protects the children in care from any items and conditions that may threaten their health, safety, and well-being.

Allegation: Program door is left unlocked.

Determination: Substantiated

Findings: Children in care shall be protected from any items and conditions which threaten their health, safety, and well-being. During the inspection, it was determined the program did not protect children from an unsafe item, condition or equipment noted in number(s) 17 below:

1. Closed ended pull cord(s) on the window blind(s)
2. Extension cord(s); electrical cord(s) attached to an object that could result in a severe injury if pulled.
3. Stacked tables.
4. Folding tables.
5. Matches and/or a lighter.
6. Power tool(s).
7. Live wires.
8. Stove(s) that are either on or able to be turned on by a child.
9. Asbestos.
10. Traffic.
11. A body of water.
12. A well.
13. Environmental hazard(s) confirmed by local authorities having jurisdiction over the hazard.
14. A crockpot used to heat bottles.
15. Immediate access to a knife.
16. Large or heavy pieces of shelving units are not securely anchored to the wall.
17. Front door is left unlocked leaving children accessible.

Any hazardous equipment must be removed, replaced, or repaired and any hazardous condition must be corrected and must be made inaccessible to children. Provide staff training. Submit the program's corrective action plan, which includes a statement that the item or condition has been removed and a statement that training was provided, to the Department to verify compliance with the requirements of this rule.

Summary of Additional Non-Compliances

Serious Risk Non-Compliances

Department of Children & Youth

No Additional Serious Risk Non-Compliances were observed during this inspection

Moderate Risk Non-Compliances

Domain:04 Indoor/Outdoor Space

Rule: 5180:2-12-11 Outdoor Space Requirements
Code: The program is required to have an outdoor play space free from immediate risk.

Findings: During the inspection, it was determined that an area was used which was not protected from traffic and other hazards by a continuous fence in good condition, or natural barrier, that ensured children were not able to leave the playground area. The fence or natural barrier was determined to present an immediate risk for a child to be able to leave the playground as noted in number 4, 10 below:

1. The fence, natural barrier, or combination of fence and natural barrier was not continuous.
2. The fencing had missing slat boards through which children could leave the playground.
3. The gate was broken and did not close.
4. The latch on the gate was broken. Infant playspace.
5. The gate had no latch.
6. The fencing was broken.
7. The latch was easily opened by children on the playground.
8. The latch was not engaged to prevent children from opening the gate.
9. The portable fencing approved for use by the Department was not being used.
10. Other The gate from the playground to the parking lot was left open during outdoor play.

Discontinue use of the playground and provide a space for outdoor play which is well defined by a continuous fence or natural barrier and protected from other hazards. Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
